Judge Fowle in the West.

That distinguished gentleman, Hon. D. G. Fowle, is certainly producing a profound impression in the Western part of the State. His logical reasoning and magnificent oratory, are leading the people captive, and it is not the mere ebulition of party feeling which has recently assigned him a place higher in the scale of genius than he had bitherto occupied, in the estimation of the people. The reports of the effect which he is producing, are universal, and fair minded opponents cannot but acknowledge the great revolution which he is effecting.

I have never known a more profound impression made on an audience. Many old men were seed, frequently, wiping the tears from their eyes. I think I heard at least 20 men say it was the greatest speech they had ever listened to. His effort in connection with the civil rights bill is perfectly wonderful."

Convicts for the Pen.

Deputy Sheriff S. H. Farrow, of Mecklenburg, arrived in this city yesterday, bringing to the Penitentiary Anderson Massey, colored, who was confined in that institution last November, and escaped last July. He was re-arrested a few days ago, in Providence Township, Mecklenburg county, after having been shot in the shoulder and hand, and was yesterday consigned to his old quarters. Mr. Farrow reports the success of the Democratic county ticket in Mecklenburg, an assured fact.

Deputy Sheriff R. Yoder, of Catawba, also arrived in the city by the same train, bringing to the Penitentiary Milas D. Wilson, colored, who was convicted at the present term of Court, of larceny, and sentenced by Judge Buxton (who has exchanged circuit with Judge Furches) to two years in the Penitentiary. Mr. Ycder says that Catawba will do better than ever in the ensuing election. They expect to poll a Democratic majority of 1,200 votes.

A young man from Johnston county, whose name could by no means be learned, was thrown from his borse, yesterday afternoon, near the residence of Mr. W. H. The largest meeting of the Executive Committee of the North Carolina Agricultural Society which has taken place during the present year, occurred last night at the Yarborough House, President Thos. M. Holt in the chair.

On motion of Mr. Upchurch, a committe consisting of Messrs. Whitaker. McKee and Devereux were appointed to rent the privileges of the stands at the Fair Grounds for the ensuing Fair.

Communications were received from the grand lodge of Good Templars, from Hickman and Bethel Lodges of this city, and the Wake county lodge of Good Templars, and the Right Wortby Grand Chief and State Council of the Independent Order of Good Samaritans, requesting the prohibition of the sale of spirituous liquors within or in the vicinity of the enclosure, &c.

On motion it was resolved that spirttuous liquors should not be sold within the Fair Grounds, and the Secretary was instructed to respectfully inform the petitioners. that the Society had no control over the sale without the grounds.

The Secretary read various communications, adding to the special premium list. Among these was the offer of three bandsome cassimere suits from the Charlottesville (Va. Woollen Mills.

The committee to secure the sus ension of the political canvass during Fair week, was requested to address written communications to the Executive Committee of both parties. Various matters of detail were adjusted for the approaching Fair, when the meeting adjourned at a late hour.

The Rex Hospital Fund.

No quorum was present and no meeting of this fund was held, yesterday afternoon. Many are ignorant, no doubt, of what it is, and a brief history of it may be interesting. Many years ago, about 1840 or '41, a citizeu of Raleigh, by name John Rex, died leaving in his will a certain amount of his possessions to be used for the establishment in this city of a hospital for the indigent sick. No immediate use was made of the funds, on account of the fact that they were not sufficient at that time, alone, to build a hospital. The war came, and a con. siderable part of the money was lost, but still a good deal was saved from the wreck of that period, and is still in the keeping of the trustees named in the will to take charge of it, or their successors, who will make use of it for the purpose indicated as soon as it is thought expedient. The bequest embraces a number of acres of land lying in the southwestern portion of the city, and the legacy now, including land and interest on the money, amounts in value to about \$10,000.

Row at Durham.

Ar.

We understand that a Charleston riot occurred at Durham last Tuesday night. The Republican negroes attacked the Democratic negroes while the latter were holding their club meeting, or shortly thereafter, and a considerable row ensued. The whites stood off and took no part in the fight, and had the pleasure of seeing the Democratic negroes come off entirely victorious. Bryant Lunn, formerly a member of the police force of this city, and now residing in Durham, where he is a colered Democratic lea ler, whipped four of his opponents as fast as they came to him. Several of the combatants were considerably bunged up, but none were severely hurt. Wednesday morning the Democratic darkies appeared and gave bail, while the Republicans went to the lock-up.

NEWS FROM VANCE.

The Debate at Brevard-Judge Settle Undertakes New Dodges and is Tripped-200 Majority for Transyl-

[From our own correspondent 1 BREVARD, TRANSYLVANIA CO.,

September 12, 1876. Judge Settle in his opening, said he was not unmindful of the high dignity of the office to which he was aspiring, and that on nearly all occasions where he and his competitor had met, they had received the most marked attention, but in a few instances which it was not necessary for him to refer to to-day, interruptions had occurred. By these interruptions he means Statesville, Jonesbore, and Charlotte. and according to the dispatch sent from Charlotte to the Washington Republican, Salem. This is one of the Judge's dodges, and shows the perfidy of the man by trying to make the people believe he had been grossly interrupted.

The Judge did up the American character in big style, by charging that the corruption and stealing of the Republican party were slanders on the American people. And that these slanders on the American people were not true, and that abroad we had the highest character of any people on the earth; and that the American character stood higher to-day than ever before, and thanked God we had such a character. I suppose this was the character he gave to Reru-where the guano comes from - and the character Schenck gave to the Court of St. James. The Judge harps, and harps' on the fact that be will show two Democratic thieves where the Democrats show one Republican thief, and where the Democrats show a Republican who stole one dollar he will show a Democrat who stole two, and closed up all this argument by striking poor S. D. Pool, Gov. Tilden and

Pendleton. The Governor on several occasions, has conveyed the idea that the reconstruction measures were "born in iniquity, and conceived in sin," and the constitution of North Carolina, as forced upon the people by Canby bayonets, disfranchising thirty thousand white voters and enfranchising eighty thousand negroes, was a fraud, and substantially so decided by Chief Justice Waitt, of the United States Supreme Court, The Governor has also continually asked him if desertion was right. The Judge has hemmed and hawed around this in all kinds of ways, but to-day he put on the climax. In referring to this, he read from one of Gov. Vance's proclamations, and where it read "deserters." he read it "Union men." Gov. Vance.-Does it read Union

men? Judge Settle.-Yes, Union men. Gov. Vance.-It does not read Union men, but deserters.

Judge Settle.- I will define deserters: Union men were deserters, so it was the same thing.

Gov. Vance has time and again explained that by deserters he did not mean Union men, but bands of men who were stealing and murdering and committing depredations gener-

The Judge, just after the above, charged that if the arguments which Gov. Vauce advocated were carried out it would be the means of re-enslaving the colored people. He believed these doctrines in regard to constitutional rights, were as danger' ous as secession. He took the Governor to task because he mentioned here the names of some of the grasshoppers-Rollins, Deaver and othersand because he did not mention them in Asheville and Waynesville, and claimed he had never done such a thing. (As the Judge says, 'I beg to remind him.') At Marshall, in Madison county, the county where the Laurel massacre was committed, Judge Settle did not mention it. Why? Because one Deaver who was a Lieutenant in, and with the company when the massacre was perpetrated, was present at Marshall, and sitting only a few feet from the Judge. This same man Deaver is now a ranting Radical and grasshopper. Since he got away from Marshall he is continually bringing it up. The Judge, to-day, was evidently very much excited and could hardly hold in; I thought at one time he was going to lose his temper, but his better judgment prevailed, and he only got about half

Gov. Vance, to-day, made one of his best efforts and strongest speeches He drove in the pails and clinched them so fast that it kept the Peru Captain twisting, turning, and tak. ing notes at a 2:40 rate.

Gov. Vance, in showing up the stealing and losses of the government. had been using Curtis' report to show how much had veen stolen before it got into the treasury, and then took up Bristow's report (the same one the Judgeuses,) to show how much had been lost after the money got into the treasury, and Sherman's speech, to show how much the tax per head was and charged Settle with using a 25 cents per box.

nameless document for his figures, when the Peru Captain was struck

with a new dodge. Settle.-I did not use that docu-

ment to-day; I used Morton's speech. Vance.-That is worse, for Morton is the worst and most unscrupulous enemy the South has.

Settle.-I was mistaken; it was not Morton, but Sherman I quoted from to-day.

Vauce.-That is the worse for you I have been using Sherman all the time, and if anything it is worse than Morton.

Settle.-Well, I used Sherman. Vance.-Now just keep still, I know it bur's you, but I can't help it.

When a surgeon goes to perform at operation, if his patient does not hold still, he is liable to cut an artery, and so Gov. Vance cuts and hacks him all the time, and keeps the Captain in a perfect sweat.

Transvivania was well represented to-day. Mark the county 200 majority for Vance.

Haverly's Minstrels.

The attention of the people of Raleigh is again called to the fact that this splendid company of burnt cork artists will give a performance tenight at Tucker Hall. To those who have ever seen the company, it is not necessary to commend it to those who have not, we say that it; is perhaps the best minstrel troupe trayeling. Their music is splendid, and their performances abound in the purest humor known to this profession. The members of this troupe -notably Milt Barlow and George Wilson-are gifted with real genius, and the performance will be of so chaste a character, too, that no lady need hesitate to go. Referring to the appearance of this company, a few night ago, at the Norfork Opera House, the Virginian says:

All the troups were well up in their business, as was attested by the rounds of applause which was given them. Messrs. Primrose and West in their songs and dances and Silver Shower Clog, were well received and loudly encored. Edwin French is indeed king of the banjo, and his "Home Sweet Home," with variations, can't be beat. Geo. Wilson in his "Laughing Song," was excellent and received an encore. The California quartette, Messrs. Dixon, Rapier, Roe and Bassett, took the house by storm. The little farce "No Pay, No Cure," was well received, and showed a novel way to cure a patient who is suffering from bodily ills. Take it all in all, the troupe is a magnificient one, and will, no doubt, receive as it should, a full house wherever it may appear.

Cary is a great temperance town. By a special act of the Legislature whiskey is prohibited in the place. It was named in honor of Hon. Samuel F. Cary, of Ohio, a celebrated

Vance's Repartee.

Much is said about Gov. Vance's ready quotation from scripture. He is hardly ever at a loss for an apt and immediate extract. At Haysville, in Clay county, he and Judge Settle were dining at the same table, when the landlord's son, a bright little three-year-old, ran into the room and shouted at the top of his lungs, "'rah for Zeb. Vance!" The company tittered, the Judge looked confused, the mother of the boy scolded him. 'Don't rebuke him, madam," says Vance, "for out of the mouths of babes and sucklings, cometh wisdom." Eating was suspended for a moment until the laugh subsided.

Eating a Delegate's Dinner. On Wednesday, while one of the

delegates to the County Convention was attending the deliberations of that body, and doing all in his power for the cause of reform, two colored sons of Belial, followers of Hayes and Wheeler who don't think any reform is needed, made an exploration into the bottom of his buggy, and took out his dinner, which they carried off and proceeded to eat, against the peace and dignity of the State. Their names were Wm. Thomp on and Peter A'ston, and they paid to the Mayor yesterday morning \$7 25 each for what they had esten.

As a valuable remedy for Dyspep. sia, Sick Headache, Torpid Liver, and such like diseases we can recommend Dr. Bull's Vegetable Pills. They are for sale by all druggists at Digests of Decisions of the Supreme Court, Summer Term, 1876.

A "granted, bargained and sold, conveyed and confirmed to" B and C, "three thousand and seventy acres of land," (describing it) "together with all and singular my right and title of, in and to the three thousand acres of land above described, to the aforesaid" B and C, "to which I bind myself, my heirs, executors, administrators and assigns to warrant and forever defend the aforesaid land and premises to the aforesaid" B and C. their heirs, executors, administrators and assigns, with all the appurtenances and improvements thereunto belonging, to have and to hold," &c.: HELD, that A conveyed therein to B and C a fee simple, and not simply a life estate. Waugh's Heirs v. Miller et al.

A general verdict of " guilty" upon an indictment containing two counts, one for stealing a horse, and the other for receiving a horse, knowing it to have been stolen, is error, and ehtitles the prisoner to a venire de novo. State v. Johnson.

When a Judge below orders an insolvent prosecutor to pay costs, and he fails or is unable to pay, the county in which the offence was commited becomes liable for the same. Pegram v. Commissioners of Guilford County.

The testimony of a witness, (who was called upon by the plaintiff.) who stated that he heard the terms of the contract which was the subject of the controversy, but did not hear the whole of the conversation between the plaintiff and defendants, is competent to prove what such contract was, and is not open to the objection of being "fragmentary." Davis v. Smith & Straus.

Misdemeanors made punishable as at common law, or punishable by five and imprisonment, or both, can be punished only by fine, or imprisonment in the county jail, one or both: HENCE, a general verdict of "guilty" upon an indictment containing three counts, to wit, one for an assault with a deadly weapon, with intent to kill; another for a similar assault with intent to injure: and a third for a common assault and battery, will not, since the act of 1870-'71, chap. 43, justify imprisonment in the penitentiary. Fine and imprisonment at the discretion of the Court, does not confer the power to imprison in the penitentiary. State v. McNeill.

Proof of a consideration is not necessary to entitle a plaintiff to recover upon a bond to pay money. The seal imports a consideration. A voluntary bond to pay money is good, even if it be proved that there was no consideration. It is only when a plaintiff is obliged to invoke equity to enforce a bond, that it is required of him to show a consideration. Scott

v. Jones. The provision requiring appeals from judgments for \$25, or less, to be tried on matters of law appearing on the papers, does not apply to a case where a plaintiff brings suit for more than \$25, and recovers that sum or less, or has judgment against him and appeals. It applies only to cases, in which the demand controverted is

Minton v. Deans.

Hard Run, Indeed.

\$25, or less.

At Waynesville, Haywood county, on the 9th, as we learn from an indisputable source, Gov. Vance, in commenting on the manner in which his letters were garbled at Washington. held up one in which four sentences were cut out and the spaces between filled with asterisks, and asked Judge Settle to say, supposing he was sitting as a Judge to try Vance for a misdemeanor, would he admit that letter to go to the jury as evidence when the ungarbled original was in the possession of the prosecutor? After several attempts to evade, Settle finally faced the music and said he would admit it; it would be leg: 1 testimony. THE Democrats are whipping the Republicats on their own ground They gained in both Vermont and Maine. Victory they did not hope for.

THE first number of the Hickory Daily Press has reached us. We welcome it to our sanctum. It is a bright sparkling little campaign sheetsound Democratic doctrine done up in a small package.

THE Democrats of Stanly have nominated a strong ticket -headed by Joseph E. Hartsell for the House. He is one of Stanly's truest men. The Banner predicts his election by an overwhelming majority. Our friends in that section of North Carolina are wide awake and actively at

THE Republicans of Maine elected the whole Congressional delegation from that State. This is no gain. They did the same thing at the last election. The present delegation to Congress from Maine is composed entirely of Republicans. They were elected two years ago by an aggregated majority of 11,132-the Democrats polling 41,103 votes, and the Republicans 52,235.

"A BETTER Government can be secured under proper economy, with all unnecessary and improper leakages stopped, than under a system of extravagance which tends to make all public officers indifferent and reckless. This is the true secret of administrative Reform. In New York we are running the Government for little more than half what it cost two years ago, and the work is at least as efficiently done."-Sam'l J. Tilden's conversation at Albany Sept 4.

WAKE COUNTY,

The Democratic Convention which assembled in Metropolitan Hall on Wednesday was one of the most harmonious podies ever gathered together in this city. The good humor and thoroughly accordant tone which prevailed were remarkable. There was hono: able rivalry among the friends of the several aspirants for the nominations; but no bitterness of feeling, no angry debates, nothing that left a sting or a rankling wound. This augurs well for the cause. We go into the contest with an undivided front, and will poll the full strength of the party.

The convention was composed of a fine representation of the substantial. honest, patriotic citizens of Wake county, from both country and city, It was a full, thorough representation of the masses of the white people. We may gather from this that there is a deep, wide-spread interest in the approaching election among the farmers, merchants, mechanics and oth ers. The fatal disease of apathy does not prevail amongst them. They are wide awake to the reat issues involved in the contest which from this day on must wax warmer and warmer, until the sun goes down on the 7th day of November, and the bonfires begin to light the hill-tops, proclaiming ictory for one side or the other.

The ticket nominated is a good one. The gentlemen selected to fill the various positions are popular, active, and zealous in the Democratic cause. They are men of fine personal character and clean records. They are entirely worthy the confidence and the enthusiastic support of the voters of Wake.

We cannot, under any circumstances, return rejected communications, nor can The fact that Mr. Snow, the nominee for the Senate, was chosen by acclamation, is evidence of the confidence the people repose in his talents and integrity, and was a just tribute to his deserved popularity. He will make a noble fight of it; and will prove the wisdom of the convention in choosing him for their standard bearer.

The nominees for the House-Messrs. Whitley, Page, Olive and Jones-are "good men and true." The two first named served in the last Legislature, giving very general satisfaction to their constituents. They merited this recognition of their services. Mr. Olive and Mr. Jones have never been in public life before. They are rising young men, and enjoy the esteem of the people.

The renomination of Sheriff Dunn, Treasurer Lewis and the old Board of County Commissioners, was deserved, as they have managed the finances with honesty and thorough efficiency. When good men are put in ffice, it is best to keep them there, They have been tried and have proved faithful.

Mr. Rogers, the nominee for Register of Deeds, is one of the most sterling patriots in the county. He is universally regarded as one of our strongest, best men.

However good this ticket may be we must not delude ourselves with the dea that we can win an easy victory in Wake. It can only be done by hard systematic work from now until November. Every Democrat must do his full duty; and no honorable means should be left undone to bring out our full strength-as in 1874.

SOUTH CAROLINA -- THE NEGRO MOVEMENT.

The election of General Hampton, Governor of South Carolina, will not surprise us in the least. Because, the white men of the State are fully aroused, and have entered the campaign with the determination to win. It is a saying old as the hills that "where there is a will there is a way."

The South Carolina Democra's have discovered the way. It is by dividing the negro vote. This they are successfully doing. The good work is progressing far beyond their most sanguine expectations.

There are many, many indications that the negroes will in large numbers vote the Democratic ticket, They attend the Democratic speakings in large numbers; they have or ganized Tilden and Hampton Clubs; they join the proces-ions of the Democrats, and manifest a genuine enthusiasm for the Reformers. In Sparianburg some days ago, one hundred and forty negro Democrats mounted on horseback rode in the procession of eighteen hundred horsemen, hurrahing for Tilden and

Hampton. This movement among the colored people is the result of arguments. persuasions, earnest appeals. There is no intimidation by the whites. As an illustration of how they are obtaining the co-operation of the blacks, we copy the following from the Columbia Register:

Notice Colored Men.

I want 100 colored working and business men of Columbia, who are not afraid to vote the Democratic ticket to join me in a club. The Democratic party is going to put down corruption and stealing in office, and save the working and business men from ruin. The Democrats or tax-payers own the property, and the working man must look to them for his living and support. It any colored man is timid and afraid of being persecuted by any one, I will see that he is protect-The list to sign will be in my posession. Give your name to me. As oon as 100 men are enrolled, we will have a first class barbecue, and start to work for good times and prosperity in business. I am a business man and no politician; so I don't want any officeseeker on my list.

C. J. IREDELL. Capt. Iredell's club now numbers prospect of a large increase over these figures. Similar clubs have been formed in other parts of the State.

The success of this new movement has a lesson for the whole South. The time has come, when the negro begins to feel secure of his rights, and no longer recognizes the existence of the Republican party as essential to the preservation of his liberties. Their fears cannot be so easily worked upon by designing men; and as a natural result of this enlightenment, they show a disposition to break away from the leadership of white thieves, and act for the common good of the country with the Anglo-Saxon race.

Ex-Gov. HENRY A. WISE, whose leath in Richmond on the 12 h inst. has been announced, was one of the noblest and most distinguished of Virginians. He was in his 70th years having lived out the allotted age of man. A pure patriot, an honest man, a brilliant orator, he goes to his grave crowned with honors. His dying words deserve to be recorded, and furnish a noble peroration to all that he has spoken during his long career in life. A little while before he died, he said 'I never robbed the poor, and what is better, I never robbed the rich. Later in the morning while talking to his son John and giving him advice concerning the rearing of his children, the devoted father said: Take hold John, of the biggest knots in life, and try to untie them-try to be worthy of mau's highest estate-

right away from it." THE most serious draw-back to our uccess at the North, is the lack of confidence in our submission to the Union. This is sincerely felt in many quarters which wish to be friendly. This is too well known to be denied, or even doubted One of the highest duties of the Southern press, -one of its noblest missions, is to patiently and earnestly seek to eradicate this false idea, and to impress upon the public mind North that the South has, in good faith, accepted the logic al results of the war. The Blaines, Mortons, Ingersolls, and others of

that breed of dogs, are constantly

preaching that we are rebels still.

have high, noble, manly honor.

There is but one test of anything, and

that is, is it right? If it isn't, torn

CARL SCHURZ is on the anxious seat. He fears Ohio is lost. In a private letter received at Washington some days ago, he admits that the German vote in that State is virtually arrayed against Hayes and Wheeler, and expresses his fears that the State may be lost for the Republicans. This is authentic. The National Republican noticed it editorially, giving "the Great German" a seveere ray for prophesying evil. Mr. Schurz is a sincere man, although erratic and changeable as the wind; and when he says the German vote of Ohio is against the Republicans in this contest, we may rely upon it that such is the case.

THE Republican journals continue to harp on the cruelty charges against Gov. Vance. The "old fence rail story" still travels the rounds. If the Republicans had one atom of the fairness they make pretense to, they would tell their deceived readers that Cov. Vance pronounces the story "an unmitigated lie"; and that Judge Settle tells on the saump that Vance was "in no way responsible for the act." A letter from Gov. Vance to Appleton Oaksmith, upon this subject, will be found on our third page this morning.

THE Richmond Enquirer, several days ago, contained the following announcement:

In view of the resignation of the editors in consequence of difficulties in connection with the business management of the Enquirer, it is thought best that publication should be suspended for the present in order to afford time for re-organization and adjustment, which can be effected in no other way without detriment to the interests of those concerned.

It will be seen from this that its suspension is only temporary. The early resumption of this time-honored journal will be heartily greeted.

PERSONAL INTELLIGENCE.

Biblical Recorder : Dr. P. E. Hines remarks upon the death of Dr. Charles E. Johnson are worthy the head and heart of any man. Dr. Johnson was an honor to the State and to his profession. Few purer, better men have ever lived. Every physician in the State should read Dr. Hines' speech and emulate the illustrious example of the lamented

It is credibly reported that Governor Tilden will prepare and issue over his own signature, prior to the reassembling of the New York State Convention, a statement explaining in detail his return of income made for the year 1862, about which so much has been said by the Republican newspapers, Friends of Governor Tilden say he proposes when the charges were first made to reply to them but he was dissuaded from this by the very friends who now urge him to refute them over his own signature.

The nominee for governor of the Connecticut democracy, Mr. R.chard D. Hubbard is said to be probably a more richly endowed man intellectually, than even Mr. Adams, but he is less known. He is unquestionably the best speaker in the United States, but his sense is as broad as his vocabulary, and he can seldom be induced to appear in public, though an indefatigable worker and student. The nomination of such men as Hubbard and Adams will have a good effect throughout the country. Both will more than 150 members with the be elected, -Atlanta Constitution.

POLITICAL NOTES.

A strong movement is on foot for the formation of a new State to be called West Texas.

The only persons in all the States of the South, who are threatened and intimidated are the colored people, who wish to vote the Democratic ticket .-Sonthern Home.

The Tarboro Southerner strikes the right chord in the following:

before its readers, that they must under prudence discretion and forbearance."

Speaking of the Charleston riot the Mobile Register says : The people of the South are prepared to exercise forbearance as long as forbearance is a virtue. That failing, we know our rights and we dare maintain them. We know the rights of colored Democrats, and we dare to protect them in their exercise.

On the 9th inst an immense democratic meeting was held in Spartanburg, S. C. 7000 people were present Gen, Hampton, Gen. Gordon and others made speeches. The procession was estimated to be two to three miles long, and contained 1,800 mounted men; of that number there was one hundred colored men, the rest were on foot.

hundred to give \$500 each towards carrying the State Democratic. How many more will report at this office immediately? We want \$200,000 for the campaign in South Carolins. Speak out, moneyed men. That amount of money will insure the election. We believe that there are ten men in Greenville county who will give that amount. What do the other counties say ?- Greenville (S. C.) News.

Of General Cox's recent speech in Warrenton, the Gazette says: When the General, who is a universal favorite in Warren, came upon the stand, cheer after cheer rent the air, and amid the waving of hats and the clapping of hands he told them in an address of an hour's length, of the issues involved, the flattering prospects of our success, and laid bare the rottenness and corruption of the Administration. He congratulated the people on the bright prospects of victory and the unity and harmony of the Conservatives.

CONDUCT OF THE REPUBLICAN PARTY WHEN IN POWER.

ENORMOUS INCREASE OF THE DEBT OF THE STATE.

Ruinous Taxation Authorized by the Republican Party.

The people of North Carolina should never forget the conduct of the Republican party when they had the power in the State. In 1868 they had the Convention by a two-thirds vote. In 1868-69 they had the Gencal Assembly by a like majority in both branches.

What those majorities did and what ruin they would have inflicted. but for the uprising of the people gainst them may be seen from the following letter to Hon. J. B. Beck, the sub-committee of the two Houses of Congress on Southern outrages, and printed entire in the Pubhe Document, entitled "Ku klux conspiracy." The facts and figures s ated in the letter cannot be disputed as they are taken from official sources. The minority committee say of the

The most reliable statement we have been able to obtain relative to the financial condition and management of North Carolina is that made by Hon. Kemp P. Battle, former treasurer of the State, who is known to be 1 of only a man of the highest order of integrity, but perhaps the best informed man in the State relative to financial matters. When called on to answer the interrogatories put to him by the sub-committee, he responded as follows: RALEIGH, Nov. 15, 1871.

Sir:-At the request of Hon. Mesers Shober, Waidell and Manning, I forward to you answers totle printed questions inclosed. The time allowed me for preparation is short; but I hope I am substantially accu-

The facts and figures are taken from official documents. Where I give an opinion, it is so stated.

on October 1, 1870, \$28,772,045. This, however, was only the principal. Adding interest due and unpaid up to January 1, 1871, and we have a total of \$32,455,205. The above report, however, does not state all the facts the sub-committee seem to desire to know. If the legislation of the convention of 1868 and of the general assembly of 1868-'69 had been carried into effect, the result would have been a State debt, on January 1, 1871, of \$42,000,000, as appears from the following statement:

The provision was not complied with, except to a limited extent, so that, in round numbers, the effect was to reduce the debt about \$2 000,000 -say nothingof increase \$19,390,000.

So that it appears that the legislation of the convention of 1869, and the general assembly of 1868-'69, was designed to increase the debt of the State directly to \$37,039,945 or, adding interest, in round numbers to Janua-1y 1, 1871, \$42,000,000. +++

A Monster Club.

The biggest Hayes and Settle club in North Carolina has adopted a pecultar uniform, worn by all the members. It is made of coarse lindsey cloth, dyed in alternate stripes, black and white, closely indicating the politics of the club. The club head-quarters are in the suburbs of Raleigh (known as the penitentiary;) but most of the members are activey at work along the line of our Western Railroad -Southern Home.

Bull Dozers.

The American language has recently been enriched by the word b u-l-d-o-z-e-r- "bulldozer." A bulldozer is a man who is employed to go round and get up stories of imaginary outrages on mythical negroes. Mr. Redpath is a buildozer. So is Mr. Boutweil. Ex-Gov. Vance Vindicated on the Cruelty Charges.

We copy from the New York Tribune of the 2d inst., the following interesting correspondence between Gov. Vance and Mr. Oaksmith, of Carteret, giving the true version of the origin of certain malicious stories concerning the former's cruelty to women. Like all the ridiculous and shameless campaign falsehoods which are circulated to his prejudice, they shrink into nothingness when pierced by the incisiveness of really truthful inquiry:

To the Editor of the Tribune: . SIR :- Since the memorable campaigu of 1872 the people of the South have had very little cause to complain of harsh treatment or criticism at the hands of the Tribune; and hence I was the more surprised that it should have given currency in its issue of July 17 to a calumny affecting the fair standing before the world of ex-Gov. Zebulon B. Vanee of this State. This charge of cruelty to women is as base as it is unfounded, and in the name of simple justice it ought to be refuted by every honorable journalist who may have unwittingly added to its currency. In his own State Gov. Vance needs no defense; but as he has accepted the trust re-posed in him by the Democratic party, this charge ought to be met, lest another stigma should be attached to a section which has already suffered too much by misrepresentation and abuse. With this view I addressed him the following letter: HOLLY WOOD, Carteret County,)

N. C. Aug. 7, 1876. Zebulon B. Vance, Charlotte, N. C .- My Dear Sir : I find in the New York Tribune of July 17 an allusion to the old "fence rail story" in connection with your name in which the following language is used: "Shocking stories of cruelty—practiced by his order—upon these classes are told; one of them to the effect that his subordinates, with his approbation, put women to the torture in order to make them divulge the hiding-places of their husbands. From my knowledge of your character I am prepared to give the lie to this infamous slander without further information, but it is being used to the prejudice of our national ticket in consequence of your having been chosen as the Democratic standard-bearer of North Carolina I consider that a more comprehensive and emphatic refutation should now be made. I therefore write you frankly requesting that you will furnish me with all the information you have upon the subject in order that I may take steps to have the falsehood nailed at the North Yours respectfully and truly. APPLETON OAKSMITH.

President of Morehead Township Tilden and Vance Club.

I received the following reply: MACKSVILLE, Aug. 12 '76 Dear Sir :- The story is an unmitigated lie. Settle tells on the stump that I was in no way responsible for the act.

The story is this : One Owens, not a deserter, but a murderer and a robber, the terror of the country was hunted by the community after a double murder in Randolph, and his wife was tortured, as is said to make her tell where he was. afterward learned that some militia officers were concerned in it, and wrote to Settle (then solicitor) to investigate the matter and prosecute all concerned. These were declared illegal by the He did not do so. * * * Things look as well here as I would hope.

> Z. B. VANCE. The Hon. A. OAKSMITH, Hollywood, N. C.

Gov. Vance was canvassing in Western North Carolina at the time of this reply, my letter overtaking him on the way. It should be re-marked that his present opponent, Judge Settle, was the former County Solicitor of Randolph, to whom Mr. Vance refers, and that he exonerates the latter "upon the stump." It gives me great pleasure to state

that the canvass between these two great men is being conducted with a chivalrous courtesy worthy of example. I know them both, and nothing that I could say would add to the well-deserved fame of either. Settle has not been publicly assailed, but Vance has; and, speaking as a man of Northern birth, I desire that my fellow-citizens of the North should not be misted or deceived in regard to the South or her public men. Zebulon B. Vance, the Democratic candidate for Governor of North Carolina is a noble and true man, and utterly incapable of cruelty or any act unbecoming a chivalrous gentleman. He has accepted the Reconstruction acts in good faith, and the North can safely trust not only to him, but to old North Carolina in the future. All that she asks is for a fair chance within the Union.

Very respectfully, APPLETON OAKSMITH. Lollywood, N. C., Aug. 19, '76.

---The Opening of Autumn.

In a business way the fall outlook is more encouraging than it has been for several years past, though bad government oppresses us with needless taxes, and defeats anything like fuil receivery. Merchan's begin to feel in better spirits as they find their sales increasing, under the influence of the idea that bottom prices have been reached at last. The general public takes comfort at the prospect of getting cheaper living, and the laborer will not growl over his present wages if, helped by an economical administration at Washington, he can buy with the smaller amount of money as much as he could get when his wages were larger and he felt the ease of prosperity. The starting up of business will revive manufacturing, and thus give work for thou-sands of skilled hands now unhappily

softening in enforced idleness. But the greatest boon that this autumn can bring us will be the election of Tilden and Hendricks on the 7th of next November. We can have no permanent prosperity until we get governmental reform. As it is. under Republican rule, taxes grow no lighter, the expenses of the Government keep on increasing. The Democratic House of Representatives undertook to check this ruinous growth, but the Republican Senale did all it could to balk their efforts at economy. The burdens laid upon the labor of the country have become too grievous to be borne. Until they are lightened, we shall never be prosperous again, though we may see, as at present, indications of partial improvement, even against such tre-mendous odds. Lighten this weight, and the business of the country will spring to its feet with a bound. To accomplish that result, every one must assist in overthrowing the cor rupt party now in power, and destroy

all vestiges of Grantism by the defeat

of its candidates, Hayes and Whe?-er. That is, everybody qualified to vote must on the 7th of next Novem-ber put in his ballot for Tilden and Hendricks, Reform and Economy,-N. Y. Sun.

We are much pleased to learn that the North Carolina Dental Association, which convened at Greensboro on the 12th inst., was a very pleasant and satisfactory session of that body. A goodly number of the profession was present, and in addition to discussions of a highly interesting character, able essays were read, denoting much progress among the members of the profession, and clinics were held every day, before the whole body, which exhibited a very high order of attainments in the operative department. We are much gratified that this society gives such indications of strength and permanency, as must result in great good to our people. The Raleigh dentists were there in full force, and we are glad to see, participated quite freely in the deliberations of the body. The association adjourned on Wednesday night, after having elected the following officers for the ensuing year: President, Dr. V. E Turner; First Vice-President, Dr. J. W. Hunter; Second Vice-President, Dr. E. L. Hunter; Secretary, Dr. D. A. Robinson; Treasurer, Dr. J. H. Crawford.

The next meeting of the association will be held in this city on the first Tuesday of September, 1877, when we hope there will be a large attendance.

A False Rumor.

A report was current in the city. yesterday, that Jacob A. Sowers, late Sheriff of Davidson county, and now postmaster at Lexington, had been murdered on the highway a few nights ago. After an immense amount of walking and the consump tion of a great deal of time, a gentleman from Davidson county was finally found, but failed to give any confirmation to the report. It was doubtless a canard. The party who brought the news heard it in Statesville as long since as last Saturday.

National Agricultural Congress.

Hon. D. M. Carter, of this city and Mr. Henry A. London, Jr., of Pittsboro, are in Philadelphia in attendance upon the deliberations of the National Agricultural Congress. to which they were appointed as delegates from this State by Col. Thos. M. Denson was another delegate and has just returned from Philadelphia, but was forced by engagements at home to leave before the assembling of the

Franklin Court.

We learn that nothing special is doing at Franklin Court, which convened last Monday. M. B. Joyner is the foreman of the Grand Jury. Chas. Dickenson was convicted of assault and battery. Charlotte Perry plead guilty of larceny, Ruffin and Stanton Perry were convicted of assault and battery. Capt. Davis and Ike Young addressed 2,000 people Tuesday, and Gen. Cox and F. H. From Baltimore Sunday News: Colden's Liebig's Liquid Extract of B ef and Tonic Invigorator, is meeting with univer al favor wherever introduced Physicians recommend it, and invalids regard it as one of the greatest boons which hes yet been dicovered. Williams & Haywood, Agts,

THE MISDIRECTION OF THE BILE.—The misdirection of the bile, a consequence which cusues when the liver is inactive and the bowels torpid, produces a number of bodily evils. The blood becomes contaminated with the bilious fluid, causing the skin and the whites of the eyes to assume a yellowish tinge; dyspepsia and nausea supervene, the tongue becomes furred, the breath ceild, there are pains in the skie and between the shoulder blades. furred, the breath celid, there are pains in the s de and between the shoulder blades, the urine is high colored and scalding, and in aggravated cases jaundice and inflammation of the liver ensue. All these consequences may be prevented or obviated by using Hostetter's Stomach Bitters, a vegetable alterative tonic which stimu ates the inactive liver to exert itse f in secreting and directing the bile, acts naturally upon the bowels and removes every race of indigestion.

COTTON REPORT.

Decline for August in all the States Save One.

WASHINGTON, Sept 14.-The September returns to the Department of Agriculture, as was expected shows a decline for the remarkably high figures of July in all the cotton States except Louisiana. In some of the more southern counties of the cotton belt, the caterpillar has been more or less destructive, while in a few localities of the extreme south-west, the boll worm was somewhat troublesome. The conditions of growth during August were quite varied : in some cases protracted drought, with extreme heat, injured the crop, while in others, complaints of excessive rain were rife; yet the aggregate reduction is below what ought to have been expected from the extent of local disasters reported. The condition of the crop in North Carolina is 91, a decline of 6 per cent; Georgia 90, a decline of 14 per cent; Florida 89, a decline of 6 per cent; Alabama 83, a decline of 20 per cent; Mississippi 87, a decline of 5 per cent; Louisiana 95, a gain of 1 per cent: Arkansas 97, a loss of 1 per cent; Texas 87, a loss of 9 per cent; Tennessee 119, a loss of 1 per cent.

The Funeral of the Statesman and Sol-

RICHMOND, Sept. 14 .- The funeral of ex-Gov. Henry A. Wise took place this afternoon from Saint James Episcopal Church. There was an immense turnout of citizens of all classes and nationalities. The procession embraced all the white military companies of the city, veteraus of the Wise brigade, Catholic, Irish and German societies, masons, members of the legal profession and a large number of other citizens. All along the line of march, the streets were crowded with people following the procession to Hollywood Cemetery, where the remains of the deceased statesman and soldier were interred.

The floral tributes were numerous and handsome. The State and city officials, including Gov. Kemper and staff, also attended, while the State and city offices were closed during the greater portion of the day, and Federal and State flags were displayed at half mast on the Capitol.
